

Park City Community Foundation in partnership with Summit County government administered relief grants totaling \$1,000,000 in support of families and individuals living or working in Summit County who had been disproportionately and adversely impacted by the pandemic. Recipients include nonprofit entities within Summit County operating programs and services supporting those most in need.

Below is an alphabetical list of the 18 grant recipients. The focus of the grants is on rent assistance, mental and physical health, food security, rapid testing, access to affordable early childhood education and care, senior services, and support for other underserved communities.
