

2022 SOLOMON FUND BY THE NUMBERS

1,955

Latinx student registrations

Park City Community Foundation's Solomon Fund envisions a Park City where all children have the opportunity to be active and engaged through sports and recreation. This initiative works to increase access to sports and recreation opportunities for Latino/a/x youth in our community to create a more inclusive and complete community. We know the benefits for active children are multifaceted and lead to long-term healthy lifestyles, friendships, and greater academic success.

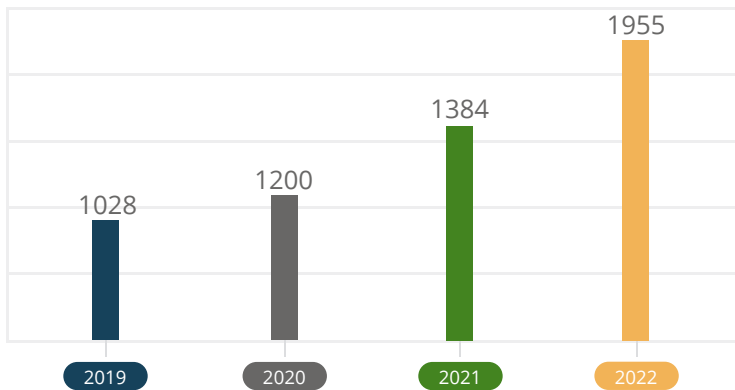

97%

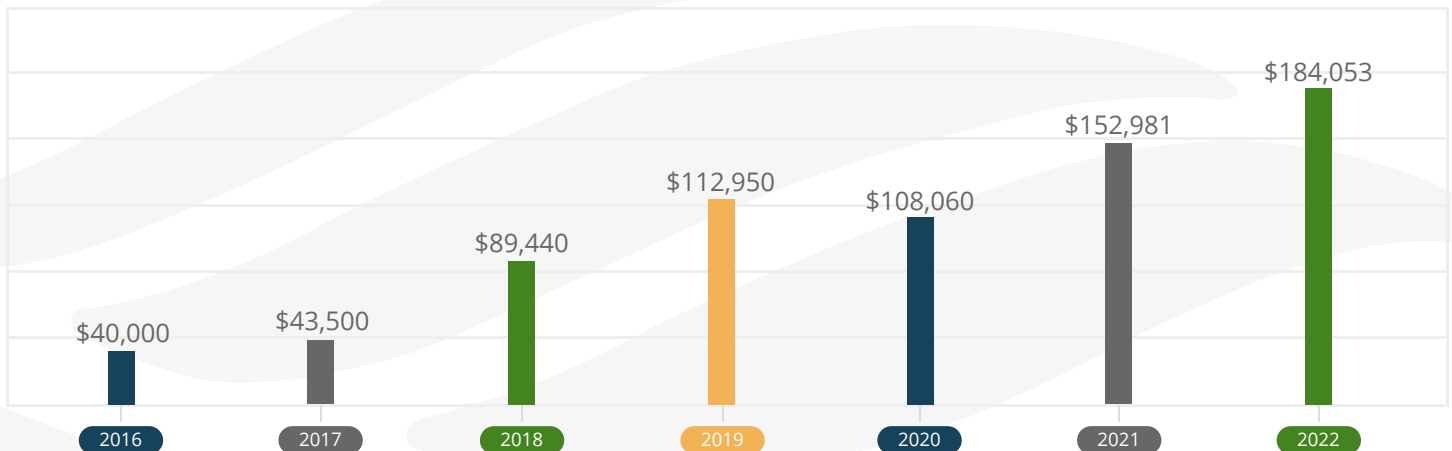

of registered students
completed their program

*** All numbers are compiled from impact reports completed by the twenty-one 2022 Solomon Fund recipients (names of the grant recipients are listed on the last page of this report)

Total Latinx registrations across Solomon Fund grantees by year

Solomon Fund grant dollars distributed each year

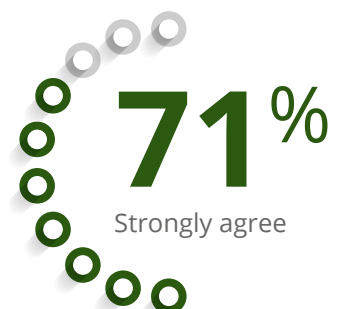

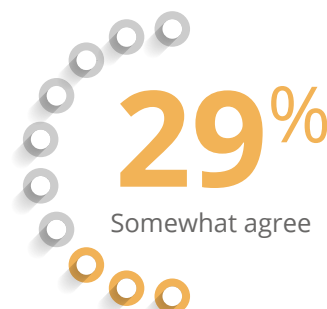

//

Thank you for putting a smile on these kids' faces! Solomon Fund allow kids to be kids and forget about the problems of the world. I wish the world knew how much these scholarships mean to these families!

-PARK CITY SCHOOL DISTRICT
OUTREACH COORDINATOR

//

2022 Solomon Fund grantees response to the following statement: **Park City Community Foundation's Solomon Fund successfully removes barriers to participation in your program for Latinx students.**

Top 3

factors attributed to the increase in Latinx participation in 2022

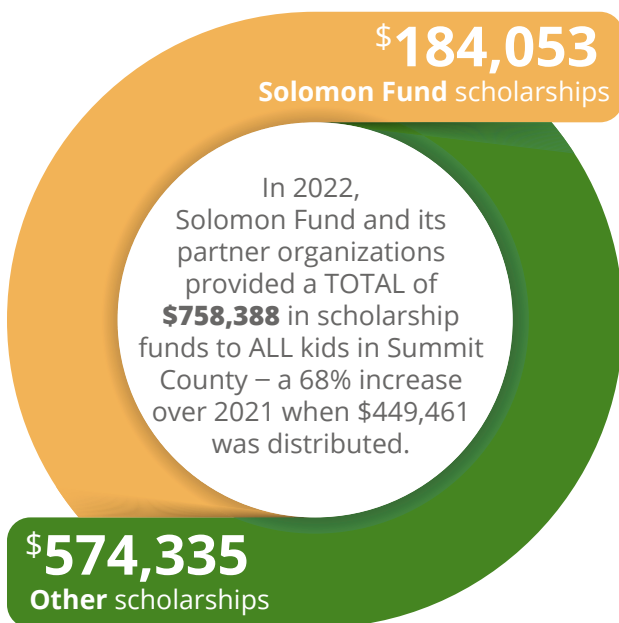

**Improved awareness/outreach
for Latinx participants**

Scholarships

Help with equipment/gear

//

While working with Park City Community Foundation's Solomon Fund, I have seen kids who previously received scholarships now working as referees and camp counselors. It is special to know that these kids' lives have been impacted positively and now they want to provide the same experience for the younger generations.

-BASIN RECREATION

//

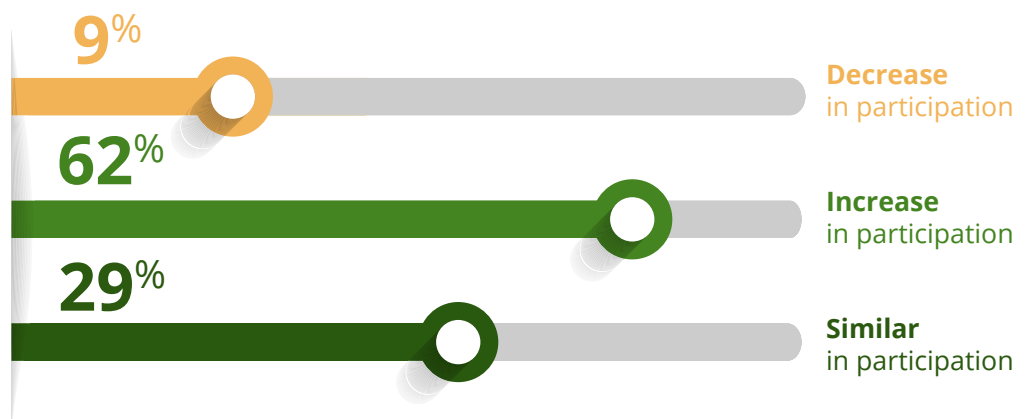

//

This grant has opened doors for students to not only be exposed to dance, but also to build long-term friendships with their peers that go beyond the studio.

-BALLET WEST

//

In 2022, 62% of Solomon Fund grantees reported an **increase** in Latinx participation over the previous year.

"Park City Community Foundation and the Solomon Fund are treasures! We would not be able to have the impact that we do on local children, especially Latinx children, without the help of the Solomon Fund. I am so proud to be affiliated with them."

- PARK CITY SOCCER CLUB

"SOS Outreach places immense value on the connections made through participating in roundtables, registration events, and in other networking opportunities hosted by the Solomon Fund."

- SOS OUTREACH

"If it weren't for Park City Community Foundation's Solomon Fund, it would be impossible to scholarship all of the Latinx students who have a passion for dance. We also rely on them heavily for exposure and networking so that we can reach families who have students who would like to participate in our program."
