Site Visit Questions

- 1. Please describe your organization's mission and key programs.**
- 2. What were the outputs that were achieved because of the funding?** *For example, this could look like # of classes provided, # of students completing a program, acres protected, lbs. of glass recycled, etc. Please provide any meaningful data you have collected and share any aspirations you have for your measurement and evaluation practices.*
- 3. How do these outputs help your organization's ultimate outcomes and long-term organizational priorities for the next 1-3 years?**
For example, this could look like greater economic security for community members, keeping families in their homes, ensuring adequate food availability, strengthening services and connections to enhance well-being, increasing equitable learning opportunities, etc. These outcomes could also be defined as progress towards big-picture goals.
- 4. Please tell us a story of a specific person or family impacted by your programs/services.**
- 5. As we work to advance diversity, equity, and inclusion - both internally within your organization and through your service delivery - what wins have you had along the way? What are the challenges that you have faced?**
- 6. What has worked for your organization in incorporating the views of those accessing your services into decision-making processes?**
- 7. Is there anything else you would like to share?**
